DGM-BD, NRDC, New Delhi

Sh. Ashwani Kumar,
DGM-BD, NRDC, New Delhi

◆ About the Workshop

Bharat has pledged to be a developed nation by the year 2047. One of the key requirements for this is the development of indigenous technologies and their commercial exploitation for socioeconomic progress. Institutions of Higher Education has a special role to play in this national endeavour through generation and dissemination of new knowledge. Protection of intellectual property, development of scientific knowledge into deliverable technologies, and commercialization of developed technologies are key components of this exercise. This one day workshop is planned with these objectives where eminent persons well versed in the domain of technology development and commercialization will share their expertise on

- Introduction to Intellectual Property and Its Protection
- Technology Development and Technology Readiness Level
- Technology Commercialization
- Innovation, Startup, and Funding

◆ Target participants

- Faculty members
- Research Scholars
- PG Students
